

LOCKER STORAGE PLANT HERE ASSURED

DETAILS OF LOCKER STORAGE EXPLAINED

J. M. Boehner, President of the Chamber of Commerce, early Tuesday released for publication in the Daily Herald a detailed explanation of the proposed plan for construction of the locker storage plant and how lockers may be obtained. The following will be mailed to prospective producers:

Other services would include facilities for handling deer, sheep, and goats and a "sharp freezing service" for freezing ice cream, sherbets and ices.

A 12 page bulletin entitled "Freezing Foods-Fruits, Vegetables, and Meat," issued by Texas A. & M. college is now available and gives a complete explanation of the uses and advantages of a frozen food locker plant. Ask for this bulletin from any of the authorized chamber solicitors or from County Agent J. W. Stufflebume, Jr.

If you wish reservations for a locker and have not been contacted, mail your check direct to the Cameron Chamber of Commerce or leave your deposit (turn to page eight)

WOMACK BRASHEAR IS RE-ELECTION CANDIDATE

Womack Brashear, Justice of Peace for Precinct No. 1, Milam county, is a candidate for re-election to that office subject to the Democratic Primary election to be held on Saturday, July 22, 1944.

Mr. Brashear in filing his name for re-election was deeply appreciative of the co-operation he has enjoyed in the office and expressed his gratitude to many who pledge their support. The people generally will be glad to know that Mr. Brashear has become a candidate for re-election because of the fine record he has made in the office.

The Justice Court, a court of Record, often requires experience in the handling of cases where appeals are taken and in addition there are many dockets growing out of offenses and arrests. Mr. Brashear has a fine knowledge of the law and his services have been outstanding in its administration. When decisions are made they are always rendered with due regard for justice, the vindication of society and fairness to those on whom penalties fall.

Both as a public official and as a citizen Mr. Brashear has met all responsibilities. He is a native of this county and has lived here all his life. He is widely known for his service as Justice of Peace and the people generally appreciate the type of service he has rendered. He feels his first obligation is to fulfill his duties in accordance with law and the estimate which the people place upon their public servants. In asking for another term Mr. Brashear submits his record and is glad to have such wide public commendation of his services.

The office of Justice of Peace for Precinct 1 is an important agency in the enforcement of law both criminal and civil. Into Justice Brashear's Court comes a large volume of litigation for it embraces populous territory in the county.

Mr. Brashear has two sons in the service, one, Lt. Warren Brashear, fighter pilot with the US Air Forces in England, who has received the Air Medal, Distinguished Flying Cross and five Oak Leaf Clusters. The other son, Thomas Brashear is now in the Navy and at present is attending Naval Officers training School.

In the coming campaign Mr. Brashear hopes to see each voter but war restrictions may not permit a normal canvass of the Precinct. In this way he places his announcement before the people and solicits your vote and support with the pledge that he will discharge his obligations in the same exalted manner in which he has served in the past.

Guests in the home of Mr. and Mrs. Carl Black Tuesday were Mrs. A. C. Black of San Antonio, Mrs. M. E. Herring of Burlington, J. W. Weldon of Sanford and Mrs. Oscar Tabb of Waco.

Veteran Soldier

CPL. W. W. LOFTIN

Cpl. W. W. Loftin, 34, is now serving his country somewhere in England.

He received his basic training at Fort Brass, N. C., and received other training at Fort Sill, Okla. Cpl. Loftin served 6 years in the army before he re-entered service in May 1943. He has been in England for about 2 months.

Cpl. Loftin was born and reared at Buckholts and graduated from Buckholts High School in 1928. He worked for the Houston Shipbuilding Corporation, installing telephones in ships. In 1937 he was married to Miss Elsie Kolenac of Sharp.

Cpl. Loftin has two brothers in the service, Claudie Loftin who has been in the South Pacific for 7 months and Jack Loftin who is attending gunnery school in Baton Rouge, La. Cpl. Loftin is the son of Mrs. Lillie Mae Loftin and a brother of Mrs. Ben Kennon.

TEXAS 5TH WAR LOAN PLANS ARE OUTLINED

Chas. M. Hicks, Chairman for the 5th War Loan Committee in Milam county, has received the following letter from Nathan Adams of Dallas, Texas Director of the 5th War Loan:

The Fifth War Loan Drive has been set for June 12 through July 8, details of which were outlined to you in our memorandum of April 1. The quota for the State of Texas is \$464 million, of which \$125 million has been assigned to us for sales of Series E Bonds. This is the largest quota we have ever had and is a challenge to each of us. The over-all quota for the Fourth War Loan for the state was \$395 million, and sales amounted to \$479 million.

Milam County's quota for the Fifth War Loan is as follows:

| | |
|-------------|----------|
| \$1,535,000 | Over-All |
| 265,000 | Series E |

As was the case in the Fourth War Loan Drive, the Fifth will be directed primarily to individual purchasers. The success of the drive will depend, therefore, on maximum personal solicitation. Each individual citizen should be made to realize his full responsibility in this greatest financial operation in history.

Your ability to reach this objective will depend largely on the extent to which you organize down to the smallest community in your county. The reassignment of portions of your county quota to representative leaders in each community, as well as the assignment of quotas to all employee groups of any size is strongly urged.

Our nation is preparing for the most crucial and costly invasion in history. I know we Texans will do our part.

.96 Rainfall Here Early Monday Morning

Almost an inch of rain fell in Cameron early Monday within less than an hour and while no reports were available it was believed the fall was heavy west and north of the city.

Elm Creek may reach flood stage later in the day but Little River was not expected to leave its banks unless heavy rains fell on its watershed to the west.

Generally the rain was not needed but will do no harm except to delay crop operations.

WORK TO UNDERWRITE VAULTS BEGINS HERE

A locker storage plant to cost approximately \$50,000 seemed assured for Cameron Tuesday as J. M. Boehner, President of the Chamber of Commerce, called a meeting of the directors for Tuesday night and asked other business men to attend.

Mr. Boehner said early Tuesday that the Chamber of Commerce has a guarantee from a reliable firm that the plant will be built here and the only remaining obstacle is the sale or rental of 60 per cent of the storage vaults to insure patronage for the plant.

Mr. Boehner said the plant proposed here would have about 500 vaults and these vaults will sell for about \$15 per year.

At the meeting of the Chamber of Commerce tonight plans will be made and the sales groups will begin a canvass Wednesday to determine how quickly the industry can be secured for Cameron.

Farmers and those who own farms and anyone who produces as much as 200 pounds of food stuffs requiring storage refrigeration, are eligible to take one of the vaults. Only one person may have a vault.

Quick work will be made of the locker sales in order for the plant to be in operation by October 1st.

STORM DAMAGE HERE IS REPORTED LIGHT

Winds of varying intensity early Sunday took a heavy toll in damage in Cameron. There were no deaths and no injuries.

Street crews were busy in the forenoon clearing trees from streets. Many large signs were blown over, a few chimneys and not a few houses were damaged.

A plaster gateway near the Silver Grill on South Crockett was blown into the street. Trees had to be removed from a block on North Houston St. near Highway 77 and also on North Central in approximately the same vicinity. One of the large elms in the new city park was twisted off at the trunk and in other places trees were uprooted.

The storm took a heavy toll at Franklin where two brick buildings were blown down.

Texas Democrats Are Split; 2 Delegations Are Going to Chicago

Texas Democrats in convention Tuesday at Austin divided by less than 200 votes, will send two delegations to the National Convention in Chicago.

Delegates for President Roosevelt and a fourth term walked out of the Senate Chamber when Dan Moody was elected temporary chairman of the convention over James V. Allred. Both are former governors of Texas.

The bolting delegates held a convention in the House of Representatives and named Mayor Tom Miller of Austin chairman and also to lead the Roosevelt delegates to the Chicago convention.

Dan Moody was named chairman of the delegation opposed to Roosevelt, or known as un-instructed delegates.

The Milam county delegates, headed by E. A. Camp of Rockdale, instructed to vote for Roosevelt's nomination and an instructed delegation from Texas, did not bolt the convention.

Former Governor Allred did not bolt though he had been defeated by Moody for the chairman ship and he shook hands after the vote. Moody, slapped on the back by a friend swallowed the butt of a cigar he was chewing.

Confusion arising at the state convention can be traced to the failure of precinct conventions to vote for instructed delegates. Also responsible is the failure of Roosevelt to say whether he is a candidate. Lack of organization defeated an expression of the people. Many of the delegates voting for an un-instructed delegation are for Roosevelt.

ANDREW J. RHOADES OF TAYLOR KILLED

Andrew Jefferson Rhoades, 20, was killed around 11:30 p. m. Friday on Highway 69 near Rockdale when his truck, loaded with lumber was overturned.

Gene Kelley, a soldier from Barksdale, La., is in the Cameron Hospital suffering from severe bruises and burns, but will recover.

Rhoades, according to papers found on his body, lives on a Rural out of Taylor in Williamson county. An order for induction into the army on May 28th was found on the body. He was driving a truck for the Capital City Lumber Company in Austin. Kelley was on furlough and was on his way to San Antonio and was riding on the truck with Rhoades. When the crash came Kelley was thrown clear of the wreck while Rhoades was pinned beneath the truck.

In a telephone conversation with Bill Cooke, publisher of the Rockdale Reporter Saturday afternoon, the Herald learned that Rhoades' body was taken from the wreckage around 4 a. m. His cries were heard by residents in a farmhouse near the highway. The body was taken to the Phillips & Lucky undertaking home in Rockdale.

Rhoades was dead when taken from the wreck but is believed to have lived some 3 hours after the crash occurred.

Mrs. Sarah White, Sheriff, reported the accident to The Herald Saturday. A check up at the local hospital revealed that Kelley is doing well and will soon recover.

Local Bankers Buy Lott Bank; Rosebud Man Has Interest

The stockholders of the Lott National Bank, Lott, have sold the controlling interest to V. D. Nicholson, president of the First National Bank of Rosebud, and to Oxsheer Smith and W. O. Newton of the Citizens National Bank of Cameron. The personnel of the bank will not change. D. P. Shore is vice president and active manager of the bank's affairs. J. E. Ross is cashier, Mrs. Dixie Butcher is assistant cashier, and Miss Angeline Prei is bookkeeper. The deal was completed Monday, May 15, 1944. The bank has assets of \$500,000—\$25,000 capital and \$25,000 surplus.—Rosebud News.

SGT. FLOYD HATCH

Sgt. Floyd Hatch Is Home After 2 Years Off African Coast

Sgt. Floyd Hatch came home last week after two years in the South Pacific off the Gold Coast of Africa.

While stationed off the mainland, Sgt. Hatch was attached to a maintenance unit of the Army Air Corps. Sgt. Hatch is a maintenance mechanic and has seen all types of aircraft perform in the South Pacific.

Sgt. Hatch was a guest of the Cameron Rotary Club last Wednesday when Cpl. Rowland Boedeker who has been in the Aleutian Islands was guest speaker.

Sgt. Hatch volunteered for the Army Air Corps in October 1939 and in December of that year was sent to Moffet Field in California. In March of 1942 he was transferred to a mechanic's school and in July went overseas. Sgt. Hatch is married, his wife the former Miss Martha Frances Gillis. He is the son of Mr. and Mrs. C. V. Huffman of Cameron.

Mrs. L. C. Angell of Rockdale transacted business in Cameron Tuesday.

Aerial Photographer

SGT. LORENZ FISCHER

Sgt. Lorenz Fischer entered the service Oct. 7, 1942, and went to San Antonio for induction. After a short stay there he was sent to Salt Lake City, Utah, where he studied photography. He also saw extensive training in Sioux City, Iowa, and New York City. Sgt. Fischer is a graduate in Photography.

Sgt. Fischer is now stationed with the Armed forces somewhere in England. He is the son of Mr. and Mrs. E. C. Fischer of Buckholts, and is a graduate of Yoe High School, Cameron, in May 1942.

Sgt. Fischer was married to Miss Gladys Grawunder of Houston.

Mrs. Fischer is now holding a responsible position with the Federal Reserve Bank in Dallas where she was transferred from Houston.

PROGRESS GOOD HERE ON BIG LOCKER PLANT

Progress was good here on the sale of lockers in the big locker storage plant being sponsored by the Chamber of Commerce.

J. M. Boehner, President of the Chamber of Commerce, said late Wednesday that the response had been spectacular following the news story printed in the Tuesday edition of the Daily Herald.

Attendance Tuesday night at the Chamber of Commerce was the best in recent months.

L. Van Perkins, manager of the Chamber of Commerce, was mailing out pamphlets to farmers Thursday. Mr. Boehner said farmers will be given the choice because they are the producers. The local committee will sell 300 lockers at \$15 and \$12.50 each.

It was said here that ample capital is ready for the investment and other facilities may be added, perhaps a packing industry.

Cameron Oldest Cat "Fleecy" Is Dead; A Persian Aristocrat

"Fleecy," Cameron's oldest cat, an aristocrat of the Persian blood, is dead.

She died late Wednesday under the mercy of an anesthetic. She was 16 years of age. With her died a family of little Persians, yet unborn.

"Fleecy" had lived with and was cared for, loved and pampered by Mr. and Mrs. J. B. White, for more than 8 years. This home was one among a number she had known. She was born in Dallas and brought to Cameron by Mr. and Mrs. Vernon Roberts and later given to Mrs. J. W. Mode who cared for her. "One day eight years ago she came to our home for a visit and never left us thereafter. When we moved she got in the car with four babies and went out to a new neighborhood."

Some months ago she was injured by dogs but recovered. She was a silver grey, a rare breed. She was proud and self reliant and courageous. She assimilated with rare traits the affections of those who cared for her. Intelligent to a degree far beyond the average of cats her care was without trouble or burden. Resigned to her approaching death she remained to the last grateful for what she knew was being done for her.

"We buried her by the hedge row. A little mound of freshly spaded earth is capable of long shadows and sentiment evolved out of higher emotions in life or expressed in the lesser affection for the pet you cherished is redeeming as Lilacs and all the beauties of earth."

Mr. and Mrs. J. B. White.

J. O. Hughes of Ad Hall transacted business in Cameron Wednesday.

ALLIED SUBMARINES BLAST ENEMY SHIPS

A new major blow at the Japs in the Pacific Wednesday was responsible for the sinking of 15 ships, among them a destroyer, a warship believed to have been a cruiser or battleship and a number of transports and lesser vessels.

There were no details, a mere announcement from the navy department in Washington, said that the ships had been sunk and that American submarines were responsible for some of the sinkings.

The naval war in the Pacific has been one of continuing successes for the Americans. This latest blow brings to a staggering total the number of Jap warships and merchant vessels sunk since 1942.

The official Washington announcement did not disclose where the sinkings occurred but are believed to have taken place in the new area of battle off the Hollandia beach head.

ALLIED ARMIES FORM JUNCTION IN ITALY

Allied Armies continuing their advances off the Anzio beach head have formed junction north of Terracina and up to noon Thursday had taken 10 thousand Nazi prisoners.

Other units of the German army in the area south of Rome are entrapped and are facing capture or annihilation.

The juncture of the Allied forces moving on Rome was formed at 7:31 a. m. today. The Germans were in serious plight although retreat has been in progress for several days.

The Allied offensive was assuming the proportions of a major blow at Germany and striking power such as has never before been brought to bear by Americans and British and French Units was responsible for the wiping out of the defense lines which have for more than seven months held the Allied armies in check.

Indications at noon were that the capture of Rome may be but a matter of weeks. The Americans late Wednesday cut the Appian Way only 25 miles from the Italian capital.

MILTON GLASER HURT AS TRAIN HITS CAR

Milton Glaser was critically injured at noon Tuesday when a Santa Fe train struck the car in which he was riding at the Schiller Crossing near Buckholts.

Glaser suffered a broken arm and was badly cut. The car was shunted several yards down the track by the impact.

Herman Glaser, father of Milton Glaser, was towing the car with a pick up when the train crashed into it.

Glaser was brought to the Cameron Hospital. The extent of his injuries were not known at the time of going to press.

MRS. D. ROBERSON TO BE BURIED TUESDAY

Funeral services for Mrs. Dempsey Roberson will be held at 3 p. m. Tuesday, May 23, 1944, at the Paris Chapel Baptist Church with the Green Funeral Home directing arrangements. Interment will be made in the Paris Chapel Cemetery.

Mrs. Dempsey Roberson, former resident here, died in a Rosebud Hospital at 10 o'clock Sunday evening, May 21. She had been ill for many months.

Surviving are her husband and five children, three sons, Willie, Carroll and George Roberson; two daughters Mrs. Chester Fikes and James Newley.

Softball Game Friday Night Yoemen Field

A softball game of unusual interest is scheduled for Friday night at Yoemen Field in Cameron.

The game will be played between the FFA Boys and the Shirley Service Station team.

Mr. Shirley said a small admission charge will be made. The public is invited to share this fine sport with these teams.

Cpl. Joe Novotny, Jr., Buried in Kunming; Succumbs to Heart Attack in Kweilin; Red Cross Writes Letter to Parents at Lancaster

Cpl. Joe Novotny, Jr., of Cameron was born August 8, 1921, in the Belmena community. When he reached the age of 18 he volunteered for the Army Air Corps in Temple. He left from Ft. Sam Houston in San Antonio, on January 17, 1940. After 3 weeks there was transferred to Moffett Field, California. Some time in the year of 1941, he went to Chico Air Base in Chico, Calif. In September 1942, he went to Gowen Field in Boise, Idaho. From there he went to Pendleton Field in Pendleton, Oregon. After 3 years of service he was sent to Santa Marie, California. On May 14, 1943, he was sent to an embarkation station in New York. On the 13th of June 1943, he was granted a 15 day furlough to visit his parents, who at that time were living in Lancaster, that was his first visit to the new home. On the 28th of June 1943, he left his country for overseas duty some place in India, where he stayed for seven months. In January 1944, he went to Kweilin, China, where on February 25th of that year he died. Cpl. Joe Novotny, Jr., was 22 years of age.

Cpl. Novotny, Jr., leaves his parents, Mr. and Mrs. Joe Novotny of Lancaster, five sisters Mrs. Conard Jekel, Jr., Mrs. Frank Ruzicka and Mrs. Frank Jekel of Buckholts, Mrs. Maurice Costelow of Lubbock, Miss Helen Novotny of Lancaster; three brothers, Pvt. Ladis Novotny of the United States Army somewhere in the Pacific, Jerry and Frank Novotny of Lancaster.

Here is the letter received from the American Red Cross relating to the story of Cpl. Novotny's death:

We regret to inform you of the death of the above captioned soldier, on February 25. The story behind this death, is told to us by his friend, Sgt. Francis Shores, is as follows: Cpl. Novotny was in town the evening of the incident, apparently enjoying himself at one of the local restaurants with Sgt. Shores. The duet left the restaurant and walked to the spot where the truck was to arrive to pick them up to return to camp. While standing on the curb waiting, Cpl. Novotny suddenly crumpled to the ground. He was immediately unconscious and we have been assured, he felt no pain. A doctor was summoned, and upon his arrival, pronounced the boy deceased. The body was then taken to the Military Hospital here, where an autopsy was performed to determine the cause of death. The doctor in charge, in his report, stated the death was probably caused by a blood clot in

the brain or some sort of unusual heart condition. He said there was no way to be completely sure. The body was placed in a casket in dress uniform on a mattress and pillow made by one of the boy's friends. It was sent from this APO to Kunming by air, and was carried into the plane by some of the boys in Cpl. Novotny's organization.

We understand that a military funeral was conducted by the Chaplain when he was laid to rest. Those of his organization, who are now in Kunming attended his funeral. It will be a comfort to Mrs. Novotny to know that her son's death was taken extremely hard by his many friends at this station, as the boy was very well liked.

If we can be of any further service to the family, please do not hesitate to call upon us.

ANZIO OFFENSIVE IS OPENED SAY GERMANS

A new offensive in Italy said by the Germans to have begun on the beach head at Anzio, was believed to have been launched but there was no confirmation from the Allies.

There were indications new landings may have been made but it was likely the Americans were beginning a big push at Anzio. The attack would come after more than 6 months.

One of the largest air attacks of the war was carried out by British bomber planes over Germany last night. American planes numbering 2250 were sent against Germany and the invasion coast. The armada consisted of 750 bombers and 1500 fighter planes, said to have been Mustangs.

Train travel denied to Britons was taken to mean that the invasion may be near. More than likely the invasion will not come across the channel anyways soon. There may be sharp fighting in Italy to satisfy public demand.

Commencement exercises for the Ad Hall School was held with Judge Ed Gunn as speaker. The 8th and 10th grade students were present, and a fine program was given. Mrs. H. E. Garner is Principal of the school with Mesdames E. P. Werner and Keith Grouppe assistants, all of whom are elected to teach there this fall.

Mrs. Henriem Hefley McIntosh has received notice that her husband, 2nd Lt. William L. McIntosh has been promoted from 2nd Lt. to First Lt. and is stationed somewhere in England.

AMERICAN PLANES IN ATTACK ON BERLIN

American bombers were over Berlin last night in a heavy attack on the German capital. The planes also attacked Brunswick.

There were no details but indications were the attack was in great force.

The Allies were moving forward on all fronts. The fighting in Italy was more or less obscure as the Hitler line was reached by the British 8th Army and the French Army.

Enormous stores of war supplies were taken in the capture of Cassino, it was announced.

Action flared up in the Pacific when units of the 6th Army under General MacArthur seized Wakde off the north coast of Dutch New Guinea.

*Meet the MINUTE MAN
of the Production Front*

the **LINEMAN** . . .

★ The Linemen, like Lexington's Minute Men of 1775, are alert, capable and ready... day or night... keeping open the Life Lines of modern living... your Electric Power Lines.

TP&L Linemen are truly the Minute Men on the Production Front, on the Home Front. Vigilantly and constantly, they keep Electric Power on the move... serving military installations, war plants and industries, military and civilian hospitals, homes and farms.

Patrolling the vast system of Transmission and Distribution Lines which form a 52-county network, your TP&L Linemen keep these Lines in tip-top condition so that power may flow in abundance wherever and whenever needed. They are the men who go out into storms and floods and hail and sleet to maintain service, without thought of sleep or food or comfort. They are real heroes during war and peace... serving the nation, serving Texas and Texans, speeding Victory in a very practical way.

... and You Give Uncle Sam a Lift

Where would we be today if our forefathers had gone their separate ways at their own convenience? When this nation was in its infancy, neighbor gave neighbor a helping hand. That spirit expanded 13 struggling colonies into a vast, united nation.

Today our country is calling upon

every one of us to enlist in a great awakening of that early American creed of helping ourselves by helping our neighbors. Sharing our automobiles is as easy as it is helpful. Wherever we go, there's somebody going our way. When we give him a lift, we give Uncle Sam a lift on the way to Victory.

In addition to supplying the armed forces with glider and bomber fuselage frames, wing parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: Rubber • Aluminum • Munitions • Medicines • B Complex Vitamins • Hospital Diets • Baby Foods • Bread and other Bakery products • Vitamin-fortified cattle feeds • Batteries • Paper • Soap and Textiles—to name a few.

ANDREW LIERMAN IS DEAD AT BURLINGTON

Funeral services for Andrew E. Lierman, 66, who died at his home here May 19 after a long illness, will be held Monday at 9 a. m. at St. Michael's church in Burlington.

Mr. Lierman was born Jan. 28, 1878, in Colorado county, living there until he married Miss Mary Ann Brod on Nov. 12, 1902, when they moved to Westphalia. Later they moved to Burlington, and moved here in 1942.

Surviving are his wife and two sons, Lester and Jack of Rosebud, and one daughter, Mrs. Lee Einkauf of San Antonio, and six grand children.

Rev. O'Regan, St. Michael's pastor, will conduct the services, and burial will be in Burlington Catholic cemetery, with Green's of Rosebud in charge.

Fighting Seabee Is Home From Pacific

Petty Officer 3rd Class Wallace Schlemer arrived in Cameron late Thursday evening from the Alaskan theatre of war. Schlemer has been in the Aleutian Islands for the past eleven months and has also seen action on several other islands including, Attu, Dutch Harbor and Tarawa. He arrived in Oakland, Calif., on Friday, May 12. Officer Schlemer is in the fighting Seabees and received his basic training at Norfolk, Va., and then went overseas.

Schlemer is the son of Mr. and Mrs. Albert Schlemer of Belmena. He was born and reared there and graduated from Yoe High School in 1940. After his graduation he was employed by the Southwestern Bell Telephone Co., and then at the Brown Shipyard in Houston as a first class welder. He is 21 years of age and has been in the Seabees for 2 1-2 years.

While in the Northwest Pacific Schlemer states that he received the Cameron Herald.

Lt. Jack Blankenship Returns to Duty After Rest in New Zealand

Refreshed and relaxed after his stay at a 13th AAF rest camp in New Zealand, Lt. Jack B. Blankenship, son of Charles K. Blankenship of Buckholts, has recently returned to active duty with the 13th in the South Pacific.

The rest camp provides a "pre-war" vacation for the airmen of the 13th AAF with abundant supplies of fresh milk, steaks and other nourishing foods available day and night, golf, tennis, swimming and dancing help the men to lose combat tension and fatigue.

A pilot of a heavy Liberator bomber of the 13th AAF, Lt. Blankenship has taken part in 21 combat missions, and his plane has contributed more than 30 tons of bombs as its part in the destruction of Japanese airfields and installations, in the South Pacific theatre.

Prior to his enlistment, Lt. Blankenship was an automobile mechanic. He received his commission in the AAF on May 24, 1943, and left the United States for overseas service on November 30, 1943.

VIOLENT TANK FIGHT CENTERS AT CASINO

The Germans are retreating in disorder in the face of a stepped up offensive in Italy.

Violent tank battles were raging around Casino which has been under siege for many weeks, yet remaining in the hands of the Germans. An encircling movement by Americans and British troops was sealing the doom of Casino though at bloody costs.

The French fighting again under their own colors were tearing into the Germans, having already breached the Gustav line and have now reached the Hitler line some 5 miles deep in the defense system erected by the Germans.

Air support was sharing largely in the successes of the fighting in Italy.

The Germans said they were faced with a large scale offensive in South Poland.

Berlin was bombed again Tuesday night but not heavy. Air forces have been inactive generally for two days.

The foremen's labor strike in Detroit has been canceled.

A. E. Flathmann of Buckholts was a business visitor in Cameron Wednesday.

Johnny Mack Brown Drama Comes to Local Theatre

"Outlaws of Stampede Pass," hailed as the most entertaining western drama in Monogram's new western series starring Johnny Mack Brown, will open an engagement at Milam Theatre on Friday.

Raymond Hatton, as is usual, is featured in the supporting cast, and brings his rich comedy talents to the role of a U. S. marshal. Ellen Hall plays the leading feminine part, and the big cast also includes Harry Woods, Jon Dawson, Charles King, Edmond Cobb, Sam Flint, Mauritz Hugo, Art Mix, Herman Hack, Artie Ortego, Milburn Morante and Eddie Burns.

The fast-moving story concerns the situation in a western town, which is completely in control of the lawless element headed by a man who is generally looked upon as an upright citizen. Everything from crooked gambling games to cattle stealing the order of the day, and it is into this situation that Brown and Hatton ride on their mission of law enforcement. The film is filled with exciting incidents and spectacular horsemanship.

Mrs. Grady Nelson of Milano is reported to be improving in the Newton Memorial Hospital following an operation last Tuesday.

Mr. and Mrs. Emanuel Fisher of Buckholts were shopping in Cameron Tuesday.

Mrs. M. D. Moseley of Beaumont is visiting her sister, Mrs. J. C. Freeman of Maysfield.

OMINOUS QUIET HANGS OVER THE CONTINENT

Ominous quiet hung over the continent of Europe Tuesday as invasion speculation rose to new heights.

While not even air attacks on Germany indicated anything unusual still there was something on which many observers based their predictions.

In Italy the French army was carrying the tri-color again as of old, had breached the Gustav line and showed the American and British what can be done with attack.

All along the Italian front progress was being made. The Germans were feeling the weight of the new allied offensive.

The air war scorched Europe as the 32nd day of continuous bombings brought havoc to wide sections of Germany and occupied countries.

MRS. C. M. BEARD DIES IN TEMPLE THURSDAY

Frank Sinatra Is Making Debut; Now At Cameron Theatre

One of the most entertaining musical films in months opens today at the Cameron Theatre. It is RKO Radio's "Higher and Higher" with Michele Morgan, Jack Haley and Frank Sinatra sharing the stellar honors.

The sensational Sinatra's screen debut had been awaited. It is a pleasure to report that the young man has a thoroughly pleasing personality and a lot of excellent acting ability along with his voice. In fact, he's a real find for picture purposes.

As a rather shy but sincere young composer he turns in a performance which matches with the fine work of Miss Morgan. The latter plays a kitchen slavey who becomes a phony debutante. Haley gives a capital portrayal of a wise-cracking valet who doesn't know romance when he sees it.

The plot basis is a gay melange of cross-purposes and misunderstandings, all revolving about the plight of a group of unpaid domestic servants in a big Fifth Avenue mansion and of their bankrupt employer. As a means of getting hold of some money they induce the slavey to pose as the employer's socialite daughter, and try to marry her off to a millionaire. The scheme immediately runs into financial and romantic complications, told to some of the catchiest songs the screen has offered in years.

Latest March of Time "South American Front—1944"

Those U. S. citizens who have been confused by the conflicting stories out of South America, will learn from March of Time's latest issue, "South American Front—1944," coming Thursday and Friday to the Cameron Theatre, the truth about Argentina's so-called "palace revolution." They will learn, moreover, the impressive extent of aid supplied us by Brazil in rubber, quartz, mica and tantalite.

"South American Front—1944," tells the story of Argentina's futile attempt to maintain relations with the Axis while continuing to hold U. S. friendship. The March of Time discloses the facts behind the shifting struggle for power, and reveals the true motives behind the government's latest moves.

Brazil, in contrast, is seen as an open ally of the U. S.; a co-member of the United Nations. Co-operation for victory between the two countries has resulted in numerous changes in Brazil's economy. The present regime has done much to improve the lot of the 42 millions of people; and advances in transportation, education and public health projects foreshadow the tremendous future which lies ahead for this largest of South American countries.

Shown, too, is the military aid which Brazil has been rendering the United Nations. Her air bases, as the film points out, proved a decisive

factor in our defeat of Rommel in North Africa. Her Navy has been helping us sweep the Atlantic clear of U-Boats. And her Air Force boasts some four thousand fliers fighting beside our own in the Mediterranean.

New facts, up-to-the-minute pictures of the principals in today's headline news, make "South American Front—1944" the most interesting of recent March of Time issues.

J. B. White Resigns
Place On Selective
Service Board Here

J. B. White, Chairman of Local Board No. 2, Selective Service, has tendered his resignation and it has been accepted by General J. Watt Page, Texas Director for Selective Service.

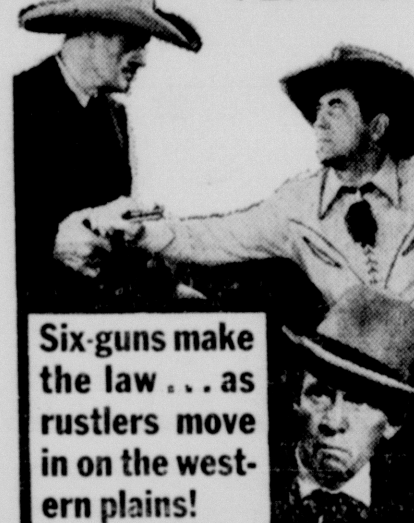

Disagreement with the Appeal Agent of the Board over what he said was unwarranted aid to a Cameron draft dodger, together with a long series of interventions by Selective Service Headquarters to defer men who ran away to war plants while older men and in some cases fathers with 5 children were called up, were responsible for his resignation.

The public does not always understand what Draft Board Members have to contend with. No draft dodger has been deferred by the local board. In every case he has been called up but deferred by government action. Liberty of the law permits escape and there are too many registrants who elect to stay at home and are protected by law. "You can turn a bunch of rats loose in a building and if there is a hole in the floor they will find it," said White.

Mr. White's resignation was filed Saturday, May 13th and its acceptance came Wednesday in a letter from General Page.

Local Board was organized in October 1940. Mr. White was the only remaining original member of the board and had been its chairman since early in 1941.

In a letter to General Page on May 12, 1944, Mr. White said in part:

MAY 26 AND 27

"I have been a member of this board since its organization in 1940 and in this period of more than three and a half years my service has been rendered at considerable personal sacrifice and I feel that I have contributed more than my share in this regard. It has become increasingly difficult for any board member to render either a worthwhile or intelligent service due to the perennial policy of Selective Service in changing regulations and its failure to establish definite policies with reference to equal and uniform treatment of registrants. I simply do not care longer to attempt to explain to honest and sincere men why they have been unfairly treated.

"This board, I feel, has established a record not exceeded by that of any other board in Texas in the administration of the Selective Service Act, both in the matter of allocating its man power to the Armed Forces and to the needs of war industry. In doing this, I feel that the board has not only complied with its obligations in every respect but has maintained from the beginning high standards of integrity and firm resolution to establish justice under any and all circumstances. . . . I am without authority to remedy this situation and the only means at hand to protest is to tender my resignation and

no longer be responsible where responsibility is not present.

With kindest personal regards to you and to all your splendid subordinates for your many courtesies, I return, by this resignation, the authority given to me by the Governor of Texas with personal certainty that I have never abused the confidence implied by my appointment to this board."

WAR TEMPO SLOWS
AS ALLIES SPARR

The war was just another sparring match Monday although heavy American Bombers managed to strike a big blow at Kiel Canal in Germany.

Heavy fighting was reported in the Anzio beach head. American patrols were driven out of Terracina but lines of the Allies have been established near the city.

The French invasion coast was bombed again heavily by American medium and heavy bombers.

The Marcus Islands, in the Pacific were raided by the Americans.

Mrs. Marion McCall of Houston and Mrs. Jim Perkins of Hearne visited relatives and friends in Cameron Saturday.

From where I sit... by Joe Marsh

Light Words are
'Grave' Words

There's a poster on the wall of Sam Abernathy's store that doesn't say much. It just shows a cross, with a Yankee helmet on it—and the caption: "Light words are 'grave' words."

It isn't hard to figure out what that sign means. Loose talk has dug a lot of graves... and done a lot of harm here at home, too. And still you hear it.

You hear, for instance, talk about our soldiers drinking and carousing around Army Camps. Of course, when you get the facts there's not an atom of

truth in it. A U. S. Government survey found our soldiers were the soberest, the best behaved in history—with most of them drinking nothing stronger than a moderate glass of beer.

From where I sit, that kind of "loose talk" can do just as much to undermine morale as any rumor that the Axis could invent. And it's up to every one of us to spike that kind of sabotage before it spreads.

Rationing Note:

Under rationing regulations you're more likely to find during these summer months the new gas heating equipment you need for next winter's comfort.

Attend to
Heating Needs
this Summer

OPA certificates for purchase of gas heating equipment are issued to those who can qualify on a monthly quota basis by districts. During winter months the number of applicants whose need qualifies them for certificate exceeds the quotas. During summertime, when heat is not needed, the monthly quotas are not used up. So we suggest to you who really need heating equipment that now is the time to buy. Circulating and room heaters are available.

There are no rationing restrictions on the sale of floor furnaces for homes or unit heaters for commercial establishments.

... a way to relax on a battleship

Wherever a U. S. battleship may be, the American way of life goes along... in sports, humor, customs and refreshment. So, naturally, Coca-Cola is there, too, met with frequently. Have a "Coke" is a phrase as common aboard a battle-wagon as it is ashore. It's a signal that spells out *We're pals*. From Atlanta to the Seven Seas, Coca-Cola is spreading the custom of the pause that refreshes,—has become a symbol of happy comradeship in many lands.

CHRISTIAN SCIENCE SERVICES

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientists, on Sunday, May 28.

The Golden Text is: "I would have you wise unto that which is good, and simple concerning evil. And the God of peace shall bruise Satan under your feet shortly" (Romans 16:19, 20.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "When thou are come into the land which the Lord thy God giveth thee, thou shalt not learn to do after the abominations of those nations... Thou shalt be perfect with the Lord thy God" (Deut. 18:9, 13.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God controls man, and God is the only Spirit. Any other control or attraction of so-called spirit is a mortal belief, which ought to be known by its fruit, the repentition of evil." (Page 73.)

FUNERAL SERVICES FOR MRS. C. M. BEARD HELD

Death claimed Mrs. C. M. Beard of Milano Thursday, May 18, 1944, at the Scott & White Hospital in Temple. She had remained in active health until three weeks before her death. Mrs. Beard, the former Anna Neeley was born September 12, 1865, near Calvert, in Houston County, the daughter of Tom and Sarah Neeley. She joined the Christian Church in 1883, and was baptized by David Pennington, pioneer minister. She married, C. M. Beard, December 24, 1885, and lived to be over 79 years old at the old family home near Milano. She is survived by her husband, C. M. Beard of Milano, four daughters, Mrs. Mable Woods of Milano, Mrs. Lon Peeples of Milano, Mrs. Art McBride of Harlingen and Mrs. Warren Jaggard of Fresno, Calif., and eight grand children, four of whom are in the service and one great grand child. They are C. C. and Wallace Beard of Los Angeles, Calif., Miss Inez Beard of San Antonio, Alaine Beard of Florida, Mrs. Ura Lee Peeples of Milano, Miss Mary Ann McBride of Harlingen, Richard Jaggard of Fresno, Calif., and Douglas

Beard of Los Angeles (in the service.)

Funeral services were held Saturday morning at 11:00 o'clock at the Methodist Church in Milano with Rev. H. E. Crone, pastor of the Christian Church of Rockdale officiating. Her favorite songs, "The Old Rugged Cross," "When the Roll is Called Up Yonder" and "In the Sweet Bye and Bye" were sung. Interment was made in Milano Cemetery with Green Funeral Home of Cameron directing arrangements.

Mrs. Beard was a devoted wife and the greatest role she played was that of a mother. She devoted her life to her home and family. She possessed a charming personality and lovable disposition. She made friends with all whom she came in contact. She was a loyal friend and neighbor and will be greatly missed by all who knew her. The floral offerings were numerous and beautiful. Paul bearers were Lon M. Peeples, Welcome Woods, R. E. Thweatt, Ray Woods, Homer Woods and Charlie Williams.

Mrs. C. N. Dickens of Marlin, is visiting her daughter and husband, Mr. and Mrs. W. E. Kuehl. They had as guest their daughter, C/N Carrie Bill Kuehl, who is a student nurse at Waco, Sunday.

7500 NAZI PRISONERS ARE TAKEN IN ITALY

Up to Tuesday the Allies have taken 7500 German prisoners in Italy resulting from the recent offensive which saw the capture of Cassino.

The Allies were smashing deep holes in the Hitler line and the Germans appeared to be in bad shape before Rome. There was some sort of hint the Germans may soon evacuate Rome.

The greatest air smash of the war was directed against occupied France and Germany with 5000 Allied planes involved in the attack.

There was no fighting on the Russian front. The Reds were believed getting ready for a grand offensive.

Edward Dana, who has been working in Houston for some time, arrived in Cameron Thursday for a short visit with relatives and friends in and around Cameron.

Mr. and Mrs. A. T. Epperson of Houston spent the week end in Cameron visiting her parents, Mr. and Mrs. J. H. Sapp and friends.

Miss Mary Petru is reported to be ill in Newton Memorial Hospital.

Mildred Thornton Home From Family Alabama Reunion

Miss Mildred Thornton has returned from an early summer vacation trip to her old home at Union Springs, Alabama.

Her parents, Mr. and Mrs. G. C. Thornton live in the ancestral home which has housed 6 generations of the family and is 100 years old.

All the family were present except Lt. William Cox Thornton, now stationed in California and Capt. G. C. Thornton, Jr., at Camp Tyson, Tennessee.

Lt. Thornton, before entering service was an attorney at law in Rosebud and in Cameron in the M. G. Cox law offices.

Miss Mildred Thornton found great pleasure in this home coming and reunion at her old home. She is now back at her place in the law offices of M. G. Cox and her many friends are happy to note her return.

LOCKER PLANT

(continued from page one)
at either the Citizens National Bank, or First National Bank, Cameron. Make check payable to the Cameron Chamber of Commerce. An official receipt will be sent immediately to you, complete with agreement to refund your money in the event the 300 producers are not secured.

Indications are that the 300 lockers will be asked for very quickly so you are respectfully requested, in order that you won't be disappointed, to make your reservation immediately. Mail your check for \$12.50 or \$15.00 to the Cameron Chamber of Commerce or (2) leave it at one of the Cameron banks; or (3) contact one of the Chamber's authorized solicitors; (4) leave reservation at J. C. Penney Co., Dusek Pharmacy and Safeway.

er type which can be pulled out; the lower has a flap door and is stationary.

Rental for the lockers will be paid in advance to authorized solicitors for the Cameron Chamber of Commerce who will have official receipts which will be issued to patrons.

All monies received shall be placed in escrow in the banks at Cameron and in the event that the 300 producers are not secured, the deposit shall be refunded.

If 300 producers sign for lockers; the chamber has the assurance from a responsible company that they will build a frozen food locker plant at Cameron, which would have an estimated value of \$50,000.

Abattoir Added
As an additional service, the plant would be equipped with an abattoir; in other words, slaughtering facilities for those patrons who wish to avail themselves of this service.

For a nominal fee, you could have your slaughtering done at the plant. This would include beef, mutton, pork, fish, poultry and wild fowls.

Price for slaughtering is based on the dressed weight of the animal with the exception of fish, poultry and wild fowls.

If you wish to do your own slaughtering, you may do so. Use of the facilities of the abattoir is entirely optional.

An additional feature would be that of freezing fruits and vegetables. By utilizing the services of the frozen food locker plant, you could have fresh fruits and vegetables almost anytime during the year.

The Cameron Chamber of Commerce is now taking applications for lockers in a proposed frozen food locker plant to be constructed at Cameron according to Federal regulations, at least 6 per cent of the lockers must be paid for in advance by

prospective customers which, in this case, totals 300 producers. Total capacity of the plant, as now proposed, would be 500 lockers.

A "producer," as defined by the War Food Administration, means:

1. Persons who are resident operators of farms.

2. Persons who reside in town but who supervise the operation of a farm by a tenant on a share basis, or by hired labor.

3. Those not classified above but who grow of the type normally stored in lockers in sufficient quantity to justify use of a locker. In general, this means at least 200 pounds of meat or poultry or 150 pounds of fruits and, or, vegetables which would be stored in the locker.

If you do not come under any of the above mentioned classifications, you can still sign for a locker. However, at least 60 per cent of the total 500 lockers must be "producers."

Money In Escrow

The price of the lockers will be \$12.50 per year or \$15.00 per year. Lockers will have sufficient room for 300 pounds of dressed meat.

The only difference between the \$12.50 and \$15.00 lockers is that of convenience. The higher priced locker is a draw-

Mayor and Planning Board Chairman Hear Temple Discussions

Mayor Chas. C. Smith and H. M. Hefley, chairman of the Cameron Planning Board, were in Temple Friday to attend a session of the Temple Planning Board.

Mayor Smith said Saturday that the discussions were interesting. The local plan has yet to be developed.

Mr. Hefley has been active as Chairman of the Committee and plans an early session. As yet no definite plans have been developed. There is a general agreement among members of the board that there is considerable need for improvements here.

One of the first duties of the Board will be to make a survey of the city revenues to determine what may be done about financing public improvements; to keep expenditures well within the financial limits of the city and to avoid tax burdens.

It is pointed out that the city owes less than 60 thousand dollars.

The city's bonds can be sold at the lowest possible rate of interest now that money is cheap and the security market is after investments. Whatever is undertaken here will be well within the limits of the city's prime ability to pay.

Currently there has been demand for street improvement and also a municipal building which could house city officers, provide an auditorium, a place for firemen and city jail. Revenues paid out now for rent would in time retire the debt necessary for a civic center.

It was also likely the planning board would look well into the sanitary conditions of the city and plan for the future growth to encourage home building when materials are available.

Lt. Erwin L. Weid Is Back In States

2nd Lt. Erwin L. Wied of Burlington, recently returned from service outside the continental United States, now is being processed through the Army Air Force Redistribution Station No. 2, in Miami Beach, where his next assignment will be recommended.

AAF personnel, including enlisted men and officers alike, are assigned to a Redistribution Station upon their return to the United States, but do not report to the Station until completing a furlough or leave of approximately three weeks.

Lt. Wied, 27 year old B-17 and B-24 bombardier and aircraft observer, flew 60 combat and patrol missions over Panama and Kuantanala. He won the Air Medal.

The son of Mr. and Mrs. Fritz Wied of Burlington, he is married to Agnes H. Wied of Cameron. Lt. Wied is an alumnus of Rosebud High School.

Missing In Action

SGT ALECK A. LAZEK

Sgt. Aleck Lazek, 22 year old gunner and bombardier, with the United States Army Air Corps, based in England, is missing in action over Germany since April 29.

Sgt. Lazek had been in the combat area overseas only 3 months. During those three months he has seen as much of Europe as is possible to see from the air.

A telegram received here late Monday from the War Department in Washington notified Mr. and Mrs. Fred Lazek, Sr., that their son was missing in action. Sgt. Lazek operated aboard a Fortress bomber and had seen much combat duty in recent weeks over Germany.

Sgt. Lazek, born and reared here, had been in service 5 years, enlisting following graduation in 1939.

5500 NAZI PRISONERS ARE TAKEN IN ITALY

The Allies have taken 5500 German prisoners in Italy it was announced Saturday and the Germans were no longer retreating according to plan but were in disorderly flight from the offensive units of British, French and American forces already through the Hitler line.

The Germans were pictured in dispatches Saturday as having already retreated to a line which was described as only mildly defended and known to the Allied command.

The news was not colorful and the war was rapidly settling down to the static state out which it was jarred by public demand for a fight. The offensive in Italy was the Allied command's answer to a demand for an invasion of the continent. Unless the tempo of things change another 6 months may elapse before any additional fighting is done.

It was generally agreed that Allied ability to win the war has been demonstrated in Italy, that the Germans are no match for the United Nations' men. Why a sustained offensive cannot be undertaken remains one of the mysteries of this war. It is entirely possible that the American people are responsible for they have not yet begun to fight this war in their thinking or action.

Mr. and Mrs. Emil Biskup of Houston are visiting in the home of Fred Biskup and other relatives and friends in Cameron. Mrs. Biskup is the former Clara Kalisewski of Bellville.

Buckholts Man Awarded Legion Of Merit Medal

Washington, May 17.—The War Department announced today awards to personnel of the United States army air forces serving the far east. The Legion of Merit went to Master Sgt. Louis F. Seveik of Buckholts, for:

"As flight chief for high bombardment squadron located at advanced bases in the New Guinea area from August 20, 1942 to September 12, 1943, he performed maintenance work of distinctly superior quality. In spite of frequent enemy aerial attacks, limited facilities and lack of spare parts, he demonstrated superior skill in organizing untrained

crews to perform first and second echelon maintenance work which enabled his squadron to fly more than 400 combat sorties. His technical skill and unremitting devotion to duty were important contributions to the success of our operations."

JOIN GULF'S
"ANTI-BREAKDOWN" CLUB
TODAY!

BEFORE THIS WAR IS OVER, there may be only two kinds of people in America...

1. those who ride to work. 2. those who walk to work.

If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job. (8 out of 10 war workers use automobiles to get to work.)

Here's Gulf's Protective Maintenance Plan...

1 Protects your car at 39 danger points...

GULF's Protective Maintenance Plan includes Gulfex Registered Lubrication for 39 engine, chassis, body points. Six Gulfex Lubricants reduce wear.

2 Saves those bearings and piston rings...

THE AMERICAN Petroleum Institute recommends changing oil regularly. It's equally important to use a good motor oil like Gulfprime, "The World's Finest Motor Oil," or Gulfube, an extra-quality oil that costs a few cents less.

3 Stretches your gas coupons...

AIR-FILTER and spark-plug cleaning, radiator flushing help give better mileage. A clean filter makes gas burn more economically; clean plugs add power; a clean radiator prevents over-heating.
